

Floodplain Development Permit

Application Information

Permit Number _____

Date _____

Owner _____

Telephone(s) _____

Address _____

Contractor/Developer _____

Telephone(s) _____

Address _____

Project Location/Directions/Description _____

Project Description

☐ Single Family Residential

☐ New Construction

☐ Channelization

☐ Multi-Family Residential

☐ Substantial Improvement/+50%

☐ Fill

☐ Manufactured Home*

☐ Improvement/-50%

☐ Bridge/Culvert

☐ Nonresidential**

☐ Rehabilitation

☐ Levee

☐ Subdivision***

Other/Explanations _____

* manufactured home anchoring requirements

** non-residential structure elevated or floodproofed

*** subdivision/5 acre 50 lot criteria

Flood Hazard Data

Watercourse Name _____

Community _____

☐ Flood Insurance Rate Map(FIRM)/date _____

☐ Flood Hazard Boundary Map(FHBM)/date _____

☐ Floodway Boundary Map (FWBM)/date _____

The project is proposed in: ☐ floodway**** ☐ floodway fringe

Flood Hazard Zone Designation:

- ☐ Zone A
- ☐ Zone AE
- ☐ Zone AH
- ☐ Zone AO

The base flood elevation (BFE,100-year flood elevation) at the project site _____
When the BFE has not been provided, best available data has been utilized to generate the BFE at the project site.

Elevation required by community for lowest floor/floodproofing _____ NGVD

Highest adjacent grade to the structure _____

Lowest adjacent grade to the structure _____

Source documents used to develop BFE (data and documents attached):

☐ Site plans

☐ Maps

☐ Other data

Other data used: _____

****floodway development, no rise criteria

Local Floodplain Administrator Action

☐ **Permit Approved:** Information and data supplied for proposed project has been reviewed and is in compliance with the community's floodplain management ordinance. (Site development plans attached).

☐ **Permit Denied:** The proposed project does not meet the community's floodplain management ordinance. (Explanation attached.)

☐ **Certificate of Occupancy or Compliance** issued on _____
Date

Local Floodplain Administrator

Date

Compliance Documentation

☐ **Elevation Certificate** completed and signed. (Attached)

lowest floor _____ NGVD

☐ **Floodproofing Certificate** (non-residential structure only) completed and signed by a professional registered engineer. (Attached)

lowest floor certified as _____ NGVD

In accordance with the local floodplain management ordinance and federal floodplain regulations, best available data has been utilized to generate the base flood elevation at the project site. Supporting documentation, certification of elevations, copies of applicable Flood Insurance Rate Maps (FIRMs) and data pertaining to this floodplain development permit and *Elevation Certificate* are attached.
